

Assumption Confirmation Program Service Hours

As Christians we become stronger in our faith by serving others. As part of your preparation for the Sacrament of Confirmation, you have been asked to perform a minimum of 25 hours of service over the last two years. You may have performed this service by yourself, with friends or other Confirmation candidates.

One of the reasons for asking you to do service is to help you begin to make service to others a part of your mature Christian lifestyle. Your project/s need not be of a spectacular nature. It should not be done to impress others. It should be a sign of the Christian commitment to following in Christ's footsteps. Jesus said, "Here I am among you as one who serves" (Lk. 22).

Complete the following and return it to your Sponsor Catechist no later than our March 4, 2012 meeting.

Give a brief description of service/s, date of service, number of hours, & the name of the supervising adult. Also include your reflection on the service performed. For example, did it cause you to pause and to look at things in a new way; was it harder/easier than you thought; did it inspire you in some way. Attach additional paper if necessary.

Candidate's Name: _____
